**<https://github.com/rizanw/uang-matching>**

The screenshot shows a GitHub repository page. At the top, there's a navigation bar with links for Pull requests, Issues, Marketplace, and Explore. Below the bar, the repository name "rizanw / uang-matching" is displayed, along with a "Public" badge, a "Watch" button (1 watch), a "Fork" button (0 forks), and a "Star" button (0 stars). The main content area has tabs for Code, Issues, Pull requests, Actions, Projects, Wiki, Security, and Insights, with the Code tab currently selected. A summary at the top of the code list shows "master" branch, "1 branch", "0 tags", "Go to file", "Add file", and a "Code" dropdown. The code list itself shows a commit from "rizanw final program" dated May 16, 2020, with 3 commits. The files listed are template, test, .gitignore, README.md, imutils.py, and uang\_matching.py. To the right of the code list, there's an "About" section with a project description: "Project Deteksi Nominal Uang Dengan Template Matching OpenCV". It also lists several tags: money, template-matching, python3, digital-image-processing, opencv-python, canny-edge-detection, and money-detection. Below the tags, there are links for Readme, Stars (0), Watching (1), Forks (0), and Activate Windows. At the bottom, there's a "Languages" section.
